

KLEAN PANELS (KP)

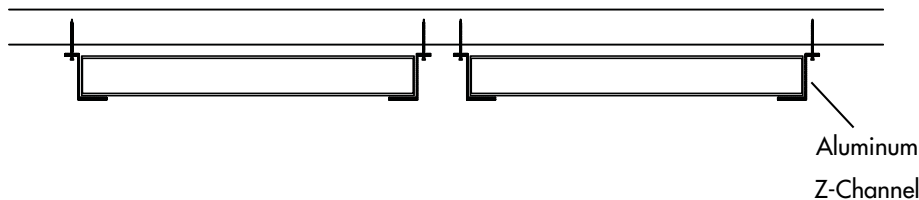

Klean Panels (KP) are G&S Acoustics' **fully encapsulated panels** that absorb high levels of sound. Installed as lay-in ceiling tiles, these panels are sealed with a white chemically resistant PVF plastic film that is attractive and easy to clean.

Choose Klean Panels for locations that require **sound-absorbing, sanitary products**. Klean Panels are especially useful in hospitals, cleanrooms, kitchens, food processing and pharmaceutical facilities.

KLEAN PANELS IN CEILING GRID

KLEAN PANELS DIRECTLY MOUNTED TO DRYWALL

SOUND ABSORPTION - LAY-IN CEILING

Hz	125	250	500	1000	2000	4000	NRC
