

Melody

Melody AND OUR ENVIRONMENT

Environmental responsibility has never been more important. Melody is a prime example of upcycling — we use materials from recycled PET bottles to create superior acoustic materials.

By specifying Melody acoustic products, you've made an eco-friendly choice. We've checked all the boxes with this product.

- 1" (25.4 mm) and 2" (50.8 mm) Acoustical Polyester Board
- Weight: 1", .56 lbs. and 2", .8 lbs. per sq ft
- Density: 1", 7 pcf and 2", 5 pcf
- Custom sizes and shapes up to 4' x 8'
- Uses 40% post-consumer waste from Recycled #PET bottles

- Finishes: White Polyester, Fabric Wrapped, Painted, Custom Printed or Felt
- Sound Absorptive .70 to 1.25 NRC
- All components Class A Fire Rated per ASTM E84

ACOUSTIC DESIGN IS MUSIC TO OUR EARS.

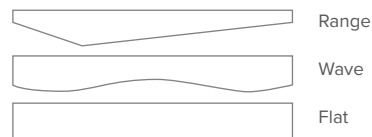

Melody mFLOATS

Melody mFloats are **recycled polyester, custom shaped, sound-absorbing ceiling clouds**. Each mFloat can hang from the ceiling at any angle, depending on the desired design and acoustical effect. Melody mFloats are available in white polyester, painted, fabric covered, or custom printed in 1" thickness. mFloats come in square, circular, triangular, rectangular, polygon and trapezoid shapes. Custom shapes are available up to 4' x 8'.

Melody mVERSE

Melody mVerse are **recycled polyester** sound absorbing **baffles**. mVerse baffles are spaced at least 3" apart and hung **individually** from existing ceiling grid systems, roof decks or bar joists in open ceiling areas. Melody mVerse baffles come in white polyester or custom printed in 1" thickness. mVerse is available in three designs: Range, Wave and Flat baffle shapes. Custom baffle shapes are also available up to 4' x 8'.

Melody mSCORES

Melody mScores are **recycled polyester, sound-absorbing wall panels**, which feature full wall applications, shape clusters, and individual shapes. Available in white polyester, painted, fabric covered, felt covered or custom printed in 1" or 2" thicknesses. Melody mScores create an acoustically comfortable environment. Melody mScores are available in six standard shapes as well as a wide variety of custom shapes up to 4' x 8'.

Melody mTILES

Melody mTiles are **recycled polyester, sound-absorbing ceiling tiles**. Available in white polyester, painted, fabric covered, or custom printed in 1" or 2" thicknesses. mTiles can be installed in a variety of ways, including lay-in grids, direct applied with mechanical fasteners or adhesive. Maximum sizes vary by mounting type, custom shapes available up to 4' x 8'.

Fabric covered

Melody acoustical polyester panels are available in a variety of fabrics, felt covered, painted or custom printed.
