

aCapella aTile-Images are custom **printed flat, sound-absorbing and colorful ceiling tiles**. aTile-Images can be installed in a variety of ways, including lay-in grids and direct applied with mechanical fasteners. aTile-Images provide sound control while adding color to the design of any space. Custom shapes and sizes are available. We recommend using aCapella Cotton, our white panel because the images are most vibrant. Any of the other 15 aCapella colors can be printed.
