

aCapella Scores-Image (ASI)

Wall Panels

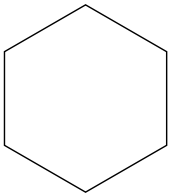

aCapella Score-Images are **custom printed sound-absorbing wall panels**, which feature full wall applications, shape clusters, and individual shapes. **Durable and colorful** enough for office spaces, Score-Images create acoustically comfortable environments, and are available in standard shapes as well as a wide variety of custom shapes. We recommend using aCapella Cotton, our white panel because the images are most vibrant. Any of the other 15 aCapella colors can be printed.

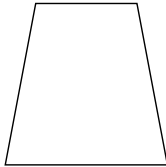

Custom Full Wall Application

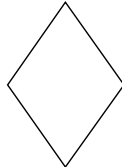

Standard Individual Shapes

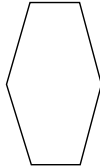

ASI-Hex
