

aCapella Scores-Image (ASI)

Wall Panels

aCapella Score-Images are **custom printed sound-absorbing wall panels**, which feature full wall applications, shape clusters, and individual shapes. **Durable and colorful** enough for office spaces, Score-Images create acoustically comfortable environments, and are available in standard shapes as well as a wide variety of custom shapes. We recommend using aCapella Cotton, our white panel because the images are most vibrant. Any of the other 15 aCapella colors can be printed.

Custom Full Wall Application

Standard Individual Shapes

ASI-Hex

ASI-Trap

ASI-Rhom

ASI-Poly

ASI-Runway

SOUND ABSORPTION

Hz	125	250	500	1000	2000	4000	N.R.C.
ASI-.5	.12	.03	.23	.59	.89	1.05	.45
ASI-1	.09	.21	.72	1.03	1.12	1.05	.75

Note: NRC based on Type A Mounting.

CORE

1/2" & 1" Recycled Polyester

SIZES

Custom sizes and shapes up to 4' x 9'

MOUNTING

Adhesive

FINISH

Custom Printed

EDGES

Square, exposed

CLEANING

Bleach Cleanable (10:1)

Water-based/Solvent (WS)

Mold & Fungal Resistant (ASTM C1338)

FLAMMABILITY

All components have a Class "A" rating per ASTM E84

Note: Due to the recycled nature of the product, minor imperfections in the printing process can occur.

Printed on the color cotton

Saved at 150 dpi

Resolution Example

Sizing and DPI:

Images should be sent to scale* and no less than 150 dpi (dots per inch). Anything smaller will not give you a clear resolution (see resolution example).

Format:

Software: Most current version of Adobe Illustrator, Adobe Photoshop and Adobe InDesign are preferred. If you are using software other than these listed, the files need to be in PDF using PDF/X-1:2001 standard settings. Other usable files are: Tiff, Jpeg, PSD or PDF.

Fonts: When submitting files, convert all fonts to outlines or curves. If your file has not been converted, please include original font files.

PMS Color Matches: The most commonly-used color reference for digital printing is the PMS System (Pantone Matching System). When building files, please declare all required PMS colors to be matched. Depending on the printing device and material specified, up to 80% of PMS colors can be matched accurately.

Panel Sizes: Individual panels up to 4' x 9'. Full wall murals also available.**

*Full scale image (at actual size, i.e., 2'x2' = 24"x24") to be provided to G&S Acoustics.

**G&S Acoustics will make appropriate breaks in image to fit panel size (see example at right).
