

aCapella SlatWorks

Lay-In Grid (SWL) - Ceiling Installation

APPLICATION:

For ceiling mounting aCapella SlatWorks in 15/16" ceiling grid.

TOOLS NEEDED:

Utility Knife, Straight Edge

INSTALLATION INSTRUCTIONS:

1. Place panels in the ceiling grid. All four edges should rest on the ceiling grid. **Note: Back side of each SlatWorks panel should be clearly labeled. Follow the directional label on the back of the panel for installation orientation. All panels should be installed with the same orientation.**
2. Use a straight edge and utility knife to cut the panels to fit around odd angles, lights and other penetrations.

HANDLING AND STORAGE

aCapella panels must be stored indoor in a dry, climate controlled environment at all times. Exposure to moisture, excessive heat or humidity can cause panels to warp and/or stain.

Panels should be stored in a flat, fully supported, horizontal position and NOT on edge. Clean white gloves are also recommended when handling aCapella panels.
