

# aCapella SlatWorks (SWC, SWL) Ceiling Panels

aCapella SlatWorks ceiling panels offer linear design and environmental consciousness to serve design and acoustical needs. Made from recycled PET polyester, these panels create the depth and patterns of slotted ceilings. When accompanied by one of our wood pattern finishes, SlatWorks mimics real wood slat ceilings at a lower cost. These panels are delivered with a solid Backing that provides depth, a visual barrier, and enhanced acoustical performance.

Easy to install, trim, and lighter than real wood, SlatWorks provides a durable, lightweight option for interior design— with the benefits of acoustical control. The linear patterns of SlatWorks are customizable and can be changed by altering the width of each Slat. The Slats and the Backing piece are available in all aCapella colors. Additionally, Slats are available in any of our wood inspired finishes from our Woodwinds Collection

## SAMPLE PATTERN\*

## CORE

Recycled Polyester

## SIZES

Lay-in Grid: 2' x 2', 2' x 4'  
Direct mount: up to 2' x 8'

## MOUNTING

Lay-in, Direct with screws

## FINISH

aCapella colors or Woodwinds Collection

## EDGES

Square

## CLEANING

Water-based/Solvent (WS)  
Mold & Fungal Resistant (ASTM C1338)

## SUSTAINABILITY

Declare, HPD, Indoor Advantage™ Gold

## FLAMMABILITY

All components have a Class "A" rating per ASTM E84

## COLORS

## WOODWINDS COLLECTION

Woodwinds is an upgrade finish, contact G&S for additional cost.

\*Woodwinds is not bleach cleanable.

# aCapella SlatWorks (SWC, SWL) Ceiling Panels

aCapella SlatWorks ceiling panels create linear patterns on interior ceilings. These patterns are adjustable by changing the width of each Slat. The pattern options below show four different Slat widths. Custom patterns using various Slat widths on a single Backing sheet are available.

## PATTERN OPTIONS

\*Custom patterns are available.
