

Melody mVerse are **recycled polyester** sound absorbing **baffles**. mVerse baffles are spaced at least 3" apart and hung **individually** from existing ceiling grid systems, roof decks or bar joists in open ceiling areas. Melody mVerse baffles are available in 5 colors and three designs: Range, Wave and Flat baffle shapes. Custom baffle shapes are also available.

MOUNTING SYSTEMS

SOUND ABSORPTION - IN SABINS

Hz	125	250	500	1000	2000	4000	N.R.C.
MVB-1	.78	2.20	3.92	5.70	7.09	7.43	1.20

Note: NRC test results based on J-mounted with 12" x 48" Baffles.

*Natural color variation may occur between panels due to the recycled content of the product, with Silver and Pewter being most susceptible to these variations

CORE

1" Recycled Polyester
