

aCapella Verse Baffles are designed for **isolating noise and absorbing sound in open ceiling** environments such as office spaces, restaurants, lobbies and classrooms. The baffles are spaced at least 3" apart and **hung individually** from existing ceiling grid systems, roof decks or bar joists in open ceiling areas. Verse Baffles come in three designs: Range, Wave and Flat baffle shapes. Custom baffle shapes are also available. Verse Baffles add color with the use of 17 bold and bright color options.

**MOUNTING SYSTEMS**

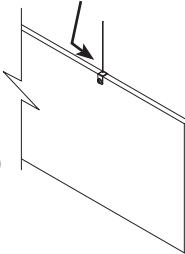

**Satin Anodized Aluminum Continuous Grip5 (CG5)**

**Suspended**  
1/2" only

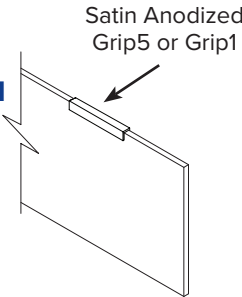

Top Clamp (White or Silver Finish)

**Top Clamp Suspended**  
1/2" & 1"  
(1/2" only up to 48")

**Grip5 or Grip1 Direct**  
1/2" or 1"

**SOUND ABSORPTION - IN SABINS**

Hz	125	250	500	1000	2000	4000	N.R.C.
